1) Login as a student → Email, password
2) Login as mentor
3) Login as college admin

1) Signup as a student
2) Signup as a mentor
3) Signup as a college admin
→ Email
→ Create password.

Features
- Email verification
- Forget password

If the student passes the assessment, their student dashboard will be updated.

After signing up students have to go through Assessment tasks according to the field they have selected : they can see the progress example whether it is under review or whether they have passed or rejected in the student page
